

Olson Fabrication, Inc.

Custom Metal Fabrication & Machining

Olson Fabrication, Inc., located in historic Algoma, Wisconsin is a full service heavy steel fabricator. We have a dedicated and diverse employee base with years of experience in all types of fabrication, from light gage stainless and aluminum to 10,000 pound steel weldments. We can handle it all!

Olson Fabrication, Inc. is located in a 150,000 square foot facility and presently occupies 40,000 SF. "We have room to grow."

We have recently expanded our fabrication area by 11,200 SF and added a 10,000# overhead crane system which can be increased to 20,000# if needed. In addition to our facility improvement, we have a complete quality program which tracks and assures quality through out all phases of the fabrication process. Our welders are certified to the latest version of D1.1 specification.

A quality work force, dedicated management and excellent quality fabrication equipment result in fabrications which will meet any industry requirement.

Fabrication Equipment

Fine Definition Plasma

1-KOMATSU FINE DEF. 120 AMP
60" x 120" 1.00" Mild Steel
.75" Stainless & Aluminum

CNC Shear

1-ACCURSHEAR 625010
.25" x 10' Mild Steel

CNC Press Brake

1-ACCURPRESS 717512
175 Tons x 12'

CNC Bandsaw

1-HEM Saw V100HLA-3
20" x 24" 45° Tilt Both Ways
With Automatic Feeder

Cold Saw

1-SCOTCHMAN 350
4.875" Round

Iron Worker

1-SCOTCHMAN Dual Operator 70-110
110 Tons

Rollers

1-HELLER
12 ga. x 60"
1-BERTSCH
½" x 120"
1-TENNSMITH
20 ga. x 48"

Drill Presses

1-ELLIS
1 1/8" Diameter
Radial Drill
1-OOYA
48" x 48"

Hand Brake

1-TENNSMITH

Welding

Mig Welders

3-MILLER DELTAWELD 452
with 70 series Dual Feeder
3-MILLERMATIC 350P
5-MILLERMATIC 251

Tig Welders

1-SYNCROWAVE 250

Handheld Plasma

3-MILLERSPECTRUM 625
5/8" Mild Steel

Lifting Capacity

9- ½ Ton JIB Hoists
1-10,000 Lb. Overhead Crane
on a 20,000 Lb. Runway
1-Mitsubishi 5,000 Lb. Lift Truck
1-Caterpillar 5,000 Lb. Lift Truck
1-Yale 3,000 Lb. Lift Truck

Blasting

1-Trinco Sandblasting Cabinet
48" x 36"
